

Pearson Vue – UMN Program

UNIVERSITAS MULTIMEDIA NUSANTARA JOINS PEARSON VUE NETWORK TO OFFER ACCESSIBLE AND SECURE CERTIFICATION TESTING

Universitas Multimedia Nusantara has signed an agreement with Pearson VUE, the computer-based testing (CBT) business of Pearson, to test candidates pursuing key industry certifications from Universitas Multimedia Nusantara. Universitas Multimedia Nusantara has signed an agreement with Pearson VUE, the computer-based testing (CBT) business of Pearson, to test candidates pursuing key industry certifications from leading IT programs, such as Microsoft, CompTIA, EMC, HP, LPI, Oracle, Cisco, and VMware.

Pearson VUE believes testing and certification is at the heart of the learning experience, and Universitas Multimedia Nusantara will play its part by offering accessible and secure testing to candidates.

Pearson VUE's advanced system administers exams on behalf of hundreds of businesses, boards and organizations around the globe through the world's largest most secure test center network. The system enables candidates to register and reschedule their tests online or through a Pearson VUE call center.

"We're very excited about our new partnership with Pearson VUE, said Arief Setyadi, General Manager Marketing & Business Development – Universitas Multimedia Nusantara; and Kanisius Karyono, Dean Faculty of Information & Communication Technology – Universitas Multimedia Nusantara.

"The Pearson VUE Testing System is the most powerful available and gives us unparalleled control and flexibility over our ability to manage our business our way and the agreement means we can easily offer same-day testing, or bring testing to our customers' locations. We're pleased to partner with a company whose industry status, technology and passion for excellence will allow us to provide even greater service for our customers."

The list of certification tests available from test sponsors through the Pearson VUE system at www.pearsonvue.com is continually growing. Test results are quickly transmitted back, ensuring the candidate's certification status is promptly updated. Ray Murray, Vice President – Business Development, Pearson VUE said,

"We are proud to welcome Universitas Multimedia Nusantara to the rapidly growing global network of Pearson VUE Authorized Test Centers. Together, we are providing even more candidates with the opportunity to obtain meaningful certifications and advance their careers."

Pearson VUE delivery of exams has continued to increase rapidly in recent years, with the company delivering 10 million exams in 2011.

About Universitas Multimedia Nusantara (UMN)

UMN was established on 25 November 2005 based on the Decree of National Education Ministerial No. 169/D/O/2005. Its operation is officially managed by Multimedia Nusantara Foundation. This foundation was established by Kompas Gramedia, a reputable business group engaged in mass media, publishing, printing, bookstores, hotels, and education services.

UMN is an institution of higher education with information and communication technology as its basis in the learning process in each subject it delivers. The professional lecturers in education and integrated programs will bring UMN to be an outstanding university at both national and international levels and so as to produce highly-competent and technopreneurship-based graduates.

About Pearson VUE

Pearson VUE Authorized Test Centers are privately owned, third-party testing facilities which provide on-site, on-demand testing for certification and professional licensure exams. Pearson VUE provides a full suite of services from test development to data management, and delivers exams through the world's most comprehensive and secure network of test centers in more than 175 countries.

For registration, please go to www.pearsonvue.com, create your own account, choose / schedule your exam to be conducted at Pearson Vue – UMN Testing Center, pay the exam fee by credit card as stated by Pearson Vue, and wait until you receive notification from both Pearson Vue official email and Pearson Vue – UMN Testing Center.
